# İNCİ CONTAINER

## "Brand in Container"

As İnci container company, we are honored to serve you with the strength we receive from our valued customers, our regular R&D studies, and our constantly renewed product quality.

**OUR MISSION ;** To provide perfect service in a respectful and sensitive manner to the environment with our understanding of quality products and good service.

**OUR VISION ;** To be a company that offers innovative and customer satisfaction, quality products with appropriate service, constantly developing with today's conditions and developing technology, with qualified employees who are experts in their work.

**SCOPE OF SERVICE;** inci container; It produces standard containers, metropolitan containers, container construction site buildings, combined containers, residential home living containers and custom containers. It also offers rental, second-hand, assembly and logistics services.

### İNCİ CONTAINER: ITS POWER!

In addition to the products it produces, which makes İnci Container the most effective company in the sector by distinguishing it from its competitors, it offers fast and high quality production.

It is a unique service scope that includes rental, used, assembly and logistics services.

### İSTER ALIN, İSTER KİRALAYIN!

- İnci Container also offers container rental services for construction sites established for short-term works.
- İnci container; It reveals its difference in rental service with the advantages it offers in the logistics of the product, service opportunities and after-sales support.

### THE ONLY BRAND IN SECOND HAND: İNCİ CONTAINER

- İnci Container also provides second-hand service for its customers who are looking for very economical solutions.
- After the purchase of second-hand products, we offer them to our valued customers after they are fully maintained.
- İnci Container, which is the only brand in the sector that organizes second-hand organizations in a corporate sense, provides almost all the advantages it offers in new products, in second-hand products as well.

### NO LIMITS ON SUPPORT!

İnci Container knows no limits in service to provide convenience to its customers.

### LOGISTICS SPECIALIST: İNCİ CONTAINER.

İnci Container provides smooth and economical transportation of your products throughout the country with its logistics service.

## CONTAINER PRODUCTION;

We produce containers, all of which are our own production, in our own factory and meet them with our valued customers. Our main chassis, which is built on a welded system, ensures that you can use it in a long-term and during transportation without any problems.

Our sandwich panel wall and ceiling system allows you to use it both economically and peacefully by minimizing heat and sound events. With the betopan + mineflo we use on its base, it is not affected by water and general cleaning materials and provides comfortable use.

By combining the U frame, door and window frames that we use in windows and doors with the wall of the container, we provide both wall strength and a detail that is pleasing to the eye from the inside and outside.

### OUR CONTAINER PRODUCTION ;

- Standard manufacturing containers
- Residential home living containers
- construction site containers
- wc shower containers
- safety cabinet containers
- Roofed residential containers
- Metropol office containers
- Combination containers
- Custom manufacturing containers for your projects
- Wooden lined containers
